

Premium warranty for a premium product

“The Volvo Trucks International Warranty means a lot to our business. Everyday our trucks are out on assignment and it feels great to know that we have the support of Volvo Trucks and their international organisation during the first 24 months and beyond.”

Jörgen Wester
Thorstenssons Schakt & Åkeri AB, Sweden

This leaflet is a brief summary of the key benefits, limitations and exclusions of your truck warranty. Full details of the Volvo Trucks International Warranty are available on request from your Volvo dealer. Volvo reserves the right to update the warranty terms and conditions from time to time. The warranty terms that apply will be those in force at the time of purchase.

EXTENDED TRUCK WARRANTY UP TO 300,000KM

Vehicle and driveline warranty information

International Warranty

A premium product deserves a premium warranty and that is exactly what you get with the Volvo Trucks International Warranty.

Every new Volvo truck comes complete with a 12-month vehicle warranty and the 24-month driveline warranty. Together these provide a comprehensive package of benefits that protect you against manufacturing defects. Any defective part will be repaired or replaced completely free of charge by any authorized Volvo workshop.

Vehicle Warranty – 12 months

The vehicle warranty is valid for a period of 12 months from the date of delivery* with unlimited mileage.

Driveline Warranty – 24 months

The driveline warranty is valid for a period of 24 months from the date of delivery* or up to 300,000 km¹, whichever occurs first. Components covered include the engine, gearbox and final drive.

Warranty conditions

Volvo Trucks International Warranty is subject to the following conditions:

- The vehicle has been serviced and maintained in accordance with Volvo recommendations.
- The vehicle has been used for the purpose for which it is intended.
- The driver has operated the vehicle in accordance with Volvo instructions.

Warranty exclusions and limitations

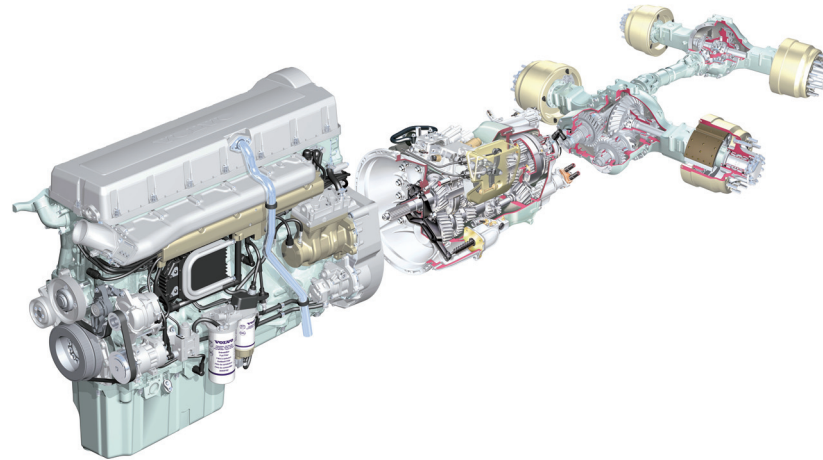

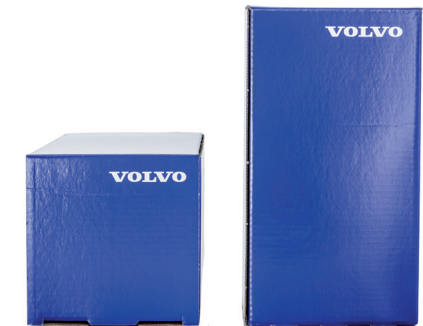

Even premium products require regular servicing, adjustment and replacement after a certain mileage or age. This is considered normal maintenance/wear & tear and isn't covered by the warranty unless it's due to a defect in material or manufacturing.

The warranty covers the costs for replacement or repair of defective Genuine Volvo Parts but no other losses, costs or damage whether direct, indirect or consequential. The warranty doesn't cover equipment and other parts already covered by the respective manufacturer's own warranty.

Genuine Volvo Parts

You can rest assured that Genuine Volvo Parts are always used by authorized Volvo workshops for warranty repairs. Using Genuine Volvo Parts is the best way to guarantee the long-term performance and reliability of your Volvo truck.
